## Town Warrant.

---

COMMONWEALTH OF MASSACHUSETTS.

MIDDLESEX SS.

*To any Constable of the Town of Weston.*

GREETING:

In the name of the Commonwealth, you are hereby required to notify and warn all the inhabitants of the said town, qualified by law to vote in elections and in town affairs, to meet in the Town-hall, in said town, on Monday the twenty-sixth day of March, at one of the clock in the afternoon, for the following purposes, to wit:—

*First.* To choose a Moderator.

*Second.* To choose the usual Town Officers.

*Third.* To hear and act upon the reports of Town Officers and Committees.

*Fourth.* To accept the list of Jurors as revised by the Selectmen and posted according to law.

*Fifth.* To vote on a separate ballot, “Yes” or “No,” in answer to the question, “Shall licenses be granted for the sale of intoxicating liquors in this town?”

*Sixth.* To change the name of “Elm” Street to “Love Lane.”

*Seventh.* To determine whether the Town will purchase a Steam Roller, provide a suitable place to house the same, and appropriate money therefor.

*Eighth.* To determine whether the Town will appropriate the sum of Five Hundred Dollars for the extension of the present Concrete sidewalk on School Street to the junction of Wellesley and Newton Streets.

*Ninth.* To determine whether the Town will appropriate the sum of Ten Thousand Dollars for the construction of a Primary School building (or such other sum as may be found necessary for said purpose), or take any action relative thereto.

*Tenth.* To determine whether the Town will employ an Engineer trained in road building to examine and report upon the roads and highways in the Town, and suggest means for the improvement and proper construction thereof.

*Eleventh.* To determine whether the Town will authorize the Road Commissioners to consult an expert Engineer, who shall be a trained road builder, and whether the Town will provide compensation for such Engineer.

*Twelfth.* To determine whether the Town will rescind its action heretofore taken in voting to elect Road Commissioners and thereby abolish the office of Road Commissioner as provided by the Revised Laws, Chapter 11, Section 341.

*Thirteenth.* To determine whether the Town will vote to accept the provisions of Section 336 of Chapter 11 of the Revised Laws and elect a Highway Surveyor, according to the provisions of said sections.

*Fourteenth.* To determine whether the Town will authorize the Selectmen to locate and maintain electric lights on the following streets: Ash Street, Maple Road, Cliff Road, Chestnut Street, and Summer Street (four lights from the junction of Central Ave.), and appropriate money therefor.

*Fifteenth.* To determine whether the Town will appropriate the sum of Five Hundred Dollars, or any other sum, to defray the expense of children resident in the Town for instruction in swimming and bathing, such instruction to

be given at the Swimming Pool of the Weston Athletic Association.

*Sixteenth.* To determine whether any such appropriation as is referred to in the preceding article shall be expended under the direction of the School Committee or otherwise.

*Seventeenth.* To raise and appropriate, by borrowing or otherwise, such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles, or as may be required to defray the expenses of the Town for the ensuing year; and especially to act upon all the appropriations asked for or proposed by the Selectmen or by any Town Officers or Committees in their reports.

And you are to serve this warrant by posting three attested copies thereof according to the vote of the Town; namely, at the Town-house, at the Kendal Green post-office, and on the town bulletin-board at the junction of South Avenue and Newton and East Newton Streets, seven days at least before the time appointed for said meeting.

Hereof fail not; and make due return of this warrant, with your doings thereon, to the Selectmen, seven days at least before the time appointed for said meeting.

Given under our hands this eighth day of March in the year of our Lord One Thousand Nine Hundred and Six.

NATHAN S. FISKE,  
ALFRED L. CUTTING,  
*Selectmen of the Town of Weston.*

**Jury List.**

The subjoined list of names has been prepared and posted in accordance with the provisions of the Revised Laws, and will be reported at the next annual town-meeting to be placed in the jury box, subject to revision by the Town:—

Ayer, Joseph T.,	Mechanic.
Blake, Ralph,	Farmer.
Brown, Henry L.,	Farmer.
Coburn, Edward S.,	Farmer.
Corrigan, John B.,	Painter.
Cheney, Arthur M.,	Mechanic.
Cutter, Charles B.,	Farmer.
Dickson, Brenton H., Jr.,	Cotton Broker.
Doty, Fred E.,	Mechanic.
Dunn, Alphonso H.,	Farmer.

Freeman, Edmund L.,	Salesman.
Green, Edward C., Jr.,	Chauffeur.
Harrington, Webster F.,	Milkman.
Merriam, Charles, 2d,	Farmer.
Murdock, Frank R.,	Farmer.
Sibley, George S.,	Farmer.
Sherburne, Frank A.,	Clerk.
Schwartz, J. Melvin,	Farmer.
Trask, George E.,	Farmer.
Travis, Henry D.,	Painter.
Tucker, Fred A.,	Farmer.
Whitney, Louis H.,	Bookkeeper.
Warren, Harry F.,	Electrician.

The following named persons have been drawn as jurors during the year: William C. Cooper, Thomas E. Coburn, Thomas Faber, Jacob F. Hagar, Alexander S. Jenney, Joseph R. Roberts, Walter L. Smith, Edward R. Sibley, James W. Tozier and Henry L. Viles.

#### **Accounts of Town Treasurer and Collector.**

In accordance with the provisions of Article 14 of the Town By-laws, the Board have twice during the year made a thorough examination of the accounts of the Town Treasurer and Collector and the condition of the treasury.

In the course of these examinations all payments made by the Treasurer were verified by reference to approved vouchers or indorsed cheques. The receipts from taxes were verified by reference to the Assessors' tax warrants. The bank accounts were found to agree with the pass-books, after making allowance for outstanding cheques; and, in general, all moneys in charge of Mr. Henry J. White, as Town Treasurer and Collector, Library Treasurer, and Treasurer of the Merriam Fund for the Silent Poor, were properly accounted for.

### Weston Water Company.

The following statement is published in accordance with the provisions of Section 11, Chapter 217 of the Acts of 1896:—

#### STATEMENT OF RECEIPTS AND EXPENDITURES OF THE WESTON WATER COMPANY FOR THE YEAR 1905.

#### Locations for Poles and Wires in Town Ways.

During the year the Selectmen have authorized the location of poles and wires in Town ways in accordance with the provisions of the By-laws of the Town, and the Revised Laws of the Commonwealth, as follows:—

Weston Electric Light Company, location for one pole on Elm Street; New England Telephone and Telegraph Company, location for ten poles on Ash Street and four poles on Summer Street.

### **Gypsy and Brown-tail Moths.**

We are sorry to report that Weston is generally infested with both the gypsy and brown-tail moths. We believe that energetic measures should be adopted to rid, as far as possible, our trees from these most destructive pests. Much of the beauty of our town lies in its beautiful trees and forest areas, and we feel that every land owner should be alive to the danger that confronts us, and active to co-operate with the authorities in the suppression of these pests. We append herewith extract from the "First Annual Report of the Superintendent for suppressing the Gypsy and Brown-tail Moths," referring to the situation in Weston:—

During the caterpillar season Inspector H. W. Vinton found gypsy moth larvæ in Weston, scattered along North Avenue from the Waltham line nearly to Lincoln. The fall examination developed a general infestation by the gypsy moth over the entire town, this being most notable on Central Avenue. Over 300 nests have been treated in the Linwood Cemetery, and the adjoining woodland is also somewhat infested. The condition with regard to the gypsy moth in Weston is most serious, because of the large amount of woodland exposed to infestation, if indeed not already infested. A thorough inspection of the entire town is imperative at the earliest possible moment. The brown-tail moth is generally distributed in the town, and is notably abundant in the white oak woodlands. The town officials have co-operated fully in suppressing the moths, although the efforts of the local superintendent have been somewhat handicapped by reason of his other business interests. The work on public trees has been completed, and that on private estates is being carried on at this writing (January, 1906).

On Oct. 14 Mr. Franklin G. Cooper was appointed Local Superintendent in charge of the work. Mr. Cooper

prosecuted the work diligently until early in March, when the press of other matters compelled him to resign.

On Feb. 28, 1906, Mr. Edward P. Ripley was appointed Local Superintendent, to take charge of the work March 12, 1906. Under the provisions of the Laws of the Commonwealth, Weston is required to expend \$2,199, and in addition thereto \$1,500 allotted from the State appropriation. After the entire amount (\$3,699) has been expended, \$1,500 is reimbursed by the Commonwealth.

#### **Town Plans.**

At the suggestion of several citizens of the town the Selectmen have made arrangements whereby residents desiring copies of the Town Survey may obtain them at the following prices:—

Single plan, mounted on cloth . . . . .	\$ 32
“ “ “ “ card board . . . . .	35
Complete set, 23 plans, mounted on cloth . . . . .	7 36
“ “ 23 “ “ “ card board . . . . .	8 05

The complete set contains, in addition to the twenty-two sectional plans, a complete plan or map of the entire town.

These plans are photographic reproductions of the original set prepared by John N. McClintock, C. E., in 1903, for the use of the Assessors.

#### **Addition to Linwood Cemetery.**

The heirs of Marshall L. Hews, being dissatisfied with the County Commissioner's award of \$2,000 for land taken for the addition to Linwood Cemetery, petitioned to have a jury determine the amount of their damages.

As this report goes to press the jury have returned a verdict awarding the petitioners the sum of \$2,701.93, said

amount being in full payment for land taken, with interest, from date of taking to the present time.

In this matter the Town's interests were ably defended by Charles H. Fiske, Jr., Esq.

### **Enforcement of the Law Relative to the Speed of Automobiles.**

Having due regard to the safe use of our streets by all classes of people and vehicles the Selectmen, early in the season, prepared the following "Notice" to be sent to Automobilists exceeding the speed limits prescribed by the Laws of the Commonwealth: —

*Dear Sir,*— On..... 1905, Automobile Number....., which is registered in your name, was reported to us as exceeding the speed limit prescribed by the Laws of the Commonwealth, on ..... Street, Weston. We are forced to take stringent action in regard to the reckless use of our streets by careless automobilists, and suggest that a repetition of the offence on your part will necessitate such further action as our laws provide for.

We believe that our present State laws are sufficient, if judiciously enforced, to make the highways safe for the general public, and that it is for the best interests of every sane automobilist that these laws should be wisely enforced.

The reckless, careless automobilist, who is a menace to every owner of an automobile as well as the general public, *should have his license revoked*, and it is with this end in view that we are gathering the records of the various automobiles passing through our streets.

Hoping that we may have your assistance and co-operation in our attempts to bring about a wise enforcement of the law, we remain,

Yours respectfully,

THE BOARD OF SELECTMEN  
OF THE TOWN OF WESTON,

*By* ..... *Selectman.*

For a time the generous use of this notice produced fairly satisfactory results. We found that while a considerable number of automobiles passing through our streets exceeded the speed limit, comparatively few were running at a speed that could be considered "dangerous" or "reckless."

The exceptions, however, were noteworthy, and a considerable number used our highways as a speedway with apparently no regard for the rights or safety of others. This condition of affairs became so bad early in the fall as to require more stringent action.

During the latter part of September, and throughout the month of October, an energetic campaign for the enforcement of automobile laws was conducted under the direction of Constable Charles A. Freeman.

Of 389 automobiles carefully timed by stop watches over an accurately measured course 351 were exceeding the speed limit prescribed by law; 70 of the 351 were going at rates of speed varying from  $22\frac{1}{2}$  to over 40 miles an hour and were summoned into court and paid fines aggregating over \$600.

While the campaign resulted in somewhat better observation of the speed laws as a whole, many individual cases were noted of reckless and dangerous driving. It would seem from our observation that we cannot expect better results until the penalties for violating the law are made more severe.

On Sept. 11 the School Committee passed the following vote:—

"*Voted:* To request the Selectmen to close School Street to automobiles and motor cycles."

After a careful consideration of the matter the Selectmen, deeming it unfair to close the street to law-abiding

automobilists, voted to restrict all automobiles to a speed not exceeding ten miles an hour while passing through School Street.

### Highways.

We append herewith a copy of a letter received from Samuel C. Bennett, Esq., on March 29, 1905:—

BOSTON, MASS., March, 28, 1905.

BOARD OF SELECTMEN OF WESTON,  
Weston, Mass.,

*Dear Sirs,*— Will you cause to be inserted in the warrant for some future town-meeting articles as follows:—

1. To see whether the town will employ an engineer trained in road building to examine and report upon the roads and highways in the town, and suggest means for the improvement and proper construction thereof.

2. To see whether the town will authorize the road commissioners to consult an expert engineer who shall be a trained road builder, and whether the town will provide compensation for such engineer.

3. To see whether the town will rescind its action, heretofore taken, in voting to elect road commissioners, and thereby abolish the office of road commissioner as provided by the Revised Laws, Chap. 11, Sect. 341.

4. To see whether the town will vote to accept the provision of Sect. 336 of Chap. 11 of the Revised Laws, and elect a Highway Surveyor, according to the provisions of said section.

Articles Nos. 1 and 2 might be considered at a special meeting. Articles 3 and 4 can be acted upon only at the annual meeting. In view of the action taken at the annual town-meeting yesterday in appropriating the sum of \$8,000 for the repair and rebuilding of something less than a mile of road it seems desirable that the town should have better and more thorough information as to the condition of its roads and the improvement that may be needed. If the old methods have been wasteful and the method urged in favor of the Glen Road appropriation yesterday is really the economical and sound method of road building then let the method be applied to the town as a whole and for the benefit of all parts of the town. On

the other hand, if the method is not wise, it is equally important for the town to be so informed at the earliest possible date before similar plans in other parts of the town are urged by other citizens.

Very truly yours,

(Signed) SAM'L C. BENNETT.

We feel that the matter of the treatment of our streets should receive the most careful consideration at the annual meeting.

We would call especial attention to Articles 7, 10, 11, 12 and 13, in the warrant for the annual meeting relating to highways.

#### Miscellaneous.

Miss Blanche T. Bigelow has presented the Town an invalid's wheel chair which belonged to her father, the late Frank W. Bigelow, Esq. Residents desiring the use of this chair should make application to the Secretary of the Board.

On Aug. 12, Messrs. J. Conrad Ross and Thomas F. Lynskey, otherwise known as the Weston Drug Company, applied to the Board for a license of the sixth class. On Sept. 9, the Board voted that the petitioners be given leave to withdraw.

Samuel C. Bennett, Esq., has been authorized by the Board to appear for the Town as Legislative Counsel before all Committees of the Great and General Court of the Commonwealth in all matters of legislation relative to the Corporation tax.

During the year the Board have drawn orders on the Town Treasurer for the payment of approved bills to the amount of \$90,165.19.

## Report of the Road Commissioners.

---

The Road Commissioners respectfully submit the following report for the year ending Feb. 28, 1906.

The Board organized with Mr. Thomas E. Coburn as Chairman, and Mr. Augustus M. Upham, Secretary.

The money appropriated for highways has been expended on the several streets as follows:—

Bogle Street	.	.	.	.	.	\$1,500 00
Brown Street	.	.	.	.	.	125 00
Crescent Street	.	.	.	.	.	60 00
Central Avenue	.	.	.	.	.	25 00
Church Street	.	.	.	.	.	100 00
Chestnut Street	.	.	.	.	.	225 00
Concord Road	.	.	.	.	.	600 00
Conant Road	.	.	.	.	.	145 00
Elm Street	.	.	.	.	.	65 00
Highland Street	.	.	.	.	.	400 00
Lexington Street	.	.	.	.	.	35 00
Lincoln Street	.	.	.	.	.	10 00
Loring Street	.	.	.	.	.	15 00
Merriam Street	.	.	.	.	.	400 00
Newton Street	.	.	.	.	.	450 00
North Avenue	.	.	.	.	.	1,500 00
Oak Street	.	.	.	.	.	65 00
Pigeon Hill	.	.	.	.	.	25 00
Riverside Road	.	.	.	.	.	50 00
Ridgeway Road	.	.	.	.	.	45 00
South Avenue	.	.	.	.	.	700 00
Sumner Street	.	.	.	.	.	75 00

Sudbury Road . . . . .	75 00
School Street . . . . .	300 00
Park Road . . . . .	50 00
Viles Street . . . . .	10 00
Wellesley Street . . . . .	600 00
Winter Street . . . . .	300 00

The balance has been expended in the purchase of a watering cart, which the town has long needed, crushed stone, rent of a steam roller, and other items which will appear in the Auditor's Report.

The past winter has been a bad one for the roads, and some of the gravelled ones were almost impassable, but the macadam roads kept in good condition and showed the wisdom of using crushed stone.

It is the opinion of the Commissioners that it is the best policy for the town to build more stone roads and to use less gravel, and we shall ask for an increase in the crushed stone appropriation the coming year.

The appropriation for Glen Road has been expended in macadamizing the road from the Wellesley line to Mr. Charles H. Jones's driveway, and gravelled from Mr. Jones's to Wellesley Street. This work was done by contract, being let out to the lowest bidder. Mr. William H. Mague being the successful bidder. It is now one of the best roads in town.

On North Avenue a heavy retaining wall has been built opposite District No. 4 which has made a great improvement in the street.

The sidewalk appropriation has been expended on North and Central Avenues, School and Church Streets, in laying permanent walks. On Church Street a foundation has been laid from the Kendal Green depot to the Weston depot and retaining walls laid.

We would recommend the following appropriations for the ensuing year:—

Highways . . . . .	\$7,500 00
Sidewalks . . . . .	2,000 00
Snow bills . . . . .	500 00
Gravel and crushed stone . . . . .	2,000 00
School Street . . . . .	6,000 00

Guide boards are maintained at the following places: North Avenue and Lexington Street, North Avenue and Church Street, North Avenue and Conant Road, North Avenue and Lincoln Street, Concord Road and Merriam Street, Concord and Sudbury Roads, Central Avenue and School Street, Central Avenue and Wellesley Street, Wellesley and Newton Streets, Newton and Ash Streets, South Avenue and Wellesley Street, South Avenue and Ridgeway Road, South Avenue and Park Road, South Avenue and River Street, River and Loring Streets, Wellesley Street and Glen Road, and Park and Riverside Roads.

THOMAS E. COBURN,  
A. M. UPHAM,  
C. B. CUTTER,

*Road Commissioners.*

## Report of the School Committee.

---

The School Committee respectfully submit the following report for the year ending Feb. 28, 1906:—

At the annual town-meeting on March 27, 1905, Mr. Edward Fiske was re-elected a member of the Committee. At the regular monthly meeting of the Committee on April 4, 1905, Mrs. Burrage was re-elected Chairman and Mr. Fiske was elected Secretary.

Twelve regular monthly meetings have been held on the second day of each month (or as soon thereafter as was practicable in each case), and also eight special meetings.

Under the authority of Chapter 46, Section 12, of the Revised Laws, the Committee appointed Mr. Franklin G. Cooper truant officer for the ensuing year.

On Sept. 11, 1905, the Committee voted to appoint Mr. Harold F. Whitehead enumerator under the authority of the Revised Laws, Chapter 43, Section 3. His report is as follows:—

In September the number of boys between the ages of five and fifteen was 137; girls between the ages of five and fifteen, 138.

Number of boys between the ages of seven and fourteen, 116; girls between the ages of seven and fourteen, 115. Illiterate minors over fourteen years of age, none.

At a special meeting of the Committee on April 22, 1905, Mr. Charles M. Eaton was re-elected Superin-

tendent of Schools. His report to the Committee is as follows :—

WESTON, Feb. 28, 1906.

Mrs. C. E. BURRAGE,

*Chairman of the School Committee.*

*Dear Madam,*—The past year has been more than usually eventful in the changes and problems it has brought to the schools. I shall try to present some of these in this report, and show their effect, how they were met, or what still remains to be done to meet them.

In the High School the full time of an additional assistant has solved the pressing problem of over-work which was burdening the teacher, and has put the school in the condition of helpfulness to its pupils which it should always have. No school can be thoroughly successful in which the teachers are so burdened with regular work that no strength is left for extra effort on individual pupils at critical times. It is true that we may find both pupils and parents who do not consider that a teacher has any limit of strength which should ever be reached, but pupils and parents both are generally reasonable, and realize that if extra work is at times demanded, some slight margin of leeway should exist between the regular amount of work and the utmost limit of capacity. Such leeway hardly existed last year; but with the additional assistant it is there this year, and is resulting in benefit to many of the pupils who are receiving special attention under one plan or another.

Such extra assistance was demanded also by the steady growth—as compared with years ago—of the laboratory system in our school, as in all others. Not alone in such studies as physics and chemistry, but in all the natural sciences, in English, and in geometry, there has been, and still is, a tendency to turn more and more from the text-book toward something of action and creation on the part of the pupil himself. This is of infinite gain to the pupil, but his struggling efforts call for much more minute guidance than was the case under the old text-book system, and the work which one class means to a teacher is thereby much increased. A simple process of division results in fewer courses than formerly for each teacher, and so more teachers for any given number of pupils.

One may ask if such increased number of teachers shows any actual gain in results over the methods and plans of years ago. One need but compare the college examinations of to-day, which such schools as ours are successfully meeting, with the much less extensive requirement of fifteen years ago, which few country schools could then meet, to see what the gain has been. I cannot pass from this argument without insisting upon one point of which some might still be in doubt, that the other pupils — those not preparing for college — have shared in the advance and benefit which the progress of the years and the wise liberality of tax-payers has brought to the high schools of the State.

In the grade schools as a whole the year has been more broken by sickness than is often the case with us. The average of attendance has been badly affected both by the absence of those actually sick and the enforced absence of other children of the same family. Yet these have been the annoying and anxious ills of childhood rather than serious and threatening diseases, and while we deplore the broken attendance, we need record no more serious results.

In past years the record of membership in our schools was very steady. But a small percentage of scholars moved yearly into town or out of town. Now, there is a great increase in the number of pupils to whom this occurs. Almost weekly, familiar faces disappear and new faces are seen. Such children have often been on the move from town to town, and are therefore at such disadvantage that it may not be fair to argue from their cases at all, but our pupils of similar standing rarely suffer in comparison with them in thoroughness and proficiency in the cardinal subjects — the old “three R’s.”

Yet we find it hard to get parents to realize that the thoroughness and proficiency which they and the schools alike wish the children to attain, depend largely on each child’s individual effort. When a parent complains that a teacher doesn’t understand his child — and often the parent doesn’t either — or that his child is making little progress, he might readily find by personal presence in the school that other children were understood by that same teacher and were making excellent progress with little or no friction.

Far be it from me to claim that any teacher gets the best out of every child. She would be more than mortal if she did. It is merely

plain that any case must be judged with reference to others, and such judgment cannot be rendered by anyone who has not by personal presence attained some familiarity with teacher and school.

The resignations of Miss Rochefort and Miss Smith, both peculiarly successful in their respective positions, offered, during the year, problems such as we fortunately had not for some time been called upon to solve. When one considers the pitfalls which beset the path of the newcomers who take the place of such successful teachers as these, one almost wonders that any have the courage to try or the skill to succeed. I believe we have been fortunate, however, in meeting both the exigencies.

Besides these losses Mr. Archibald's arrangements compelled his withdrawal from our music work. We saw this with regret, but were so fortunate as to obtain at once the renewal of the old relations with Mr. Boyd, which were severed nine years before, so that the change has hardly been felt and the work in music may be expected to continue its past success.

In another respect the schools have met this year with difficulties common in other towns, but much of a novelty in Weston, — the difficulty of overcrowding. The Grammar room has had an average membership of about fifty-five pupils since the opening of the new year, in September, with one teacher and half-time of an assistant. These pupils are two in grades. Schools of thirty-five pupils in one grade only are not only desirable, but are actually realized in many places. The schools of the city of Boston have recently been declared degenerate, because of fifty pupils in a room, and not only has our Grammar room averaged over that this fall, but our Intermediate room has had about that number. The aid of a competent assistant has made this tolerable, but cannot make it other than undesirable. I consider it the gravest situation, and the one most needing solution of any in our schools for years.

The barge system continues to grow in bulk, if not in difficulty. Now, that the number of scholars is increasing, it seems plain to me that new centres should be formed as far as possible, and the number of children carried should not be increased any more than is absolutely necessary. Smaller children, especially those who ride any long distance, reach school in a bottled-up condition which argues ill

for their teachers and for themselves. I am absolutely of the belief that the time has come for a new centre at the North Side which shall include all children on or near North Avenue and at Silver Hill, in all the eight grades up to the High School. Children of high-school age are of little trouble on the barges. They have either become sensible enough to conduct themselves properly, or are old enough to receive such punishment as shall correct their misbehavior, and can usually be successfully dealt with; smaller children's faults are noise, recklessness, ignorantly or heedlessly vulgar talk, which need oversight rather than punishment, and in such matters most drivers are helpless. At present two of the barges are free from trouble; two others are regularly under control of teachers who ride a part, at least, of the route; the others vary from fair to unsatisfactory. There is one consolation: I know of no town where there are not similar troubles, but the virtues of centralization outweigh these faults and many towns are continuing and even increasing the use of similar methods of transportation. Yet, if by extending the scope of the North school the growth of transportation from that portion of the town to the center could be checked, it should certainly be done.

I offer the committee a revised list of the text-books of the schools, and ask that it may be printed. In the last few years the list of text-books has become, by changes and additions, a very satisfactory one, it seems to me, and the usefulness of this new list will continue for several years, I am sure.

Such are the points of importance to the committee, and to the town, as they look back over the school year. In one respect the schools have certainly not changed — the kind and helpful attitude of the committee toward the teachers; nor has the earnestness and effort of the teachers whose work I have the pleasure to guide, decreased in any way from their habit in the past.

Yours truly,

CHARLES M. EATON,  
*Superintendent of Schools.*

**Teachers, Schools and School Attendance.**

At the special meeting on April 22, 1905, Mr. Eaton was re-elected Master of the High School, together with Miss Helen M. F. Byron and Miss Emma F. Ripley as Assistants. The Committee also voted to elect Miss Helen E. Warren Special Assistant in the High School for such work as the Master may assign to her. Miss Alice L. Hosmer was re-appointed teacher of the Intermediate School, and also Principal of the Grammar School Building. Miss Anna M. Rochefort was re-appointed teacher of the Grammar School, but did not accept her appointment, and on June 24 Miss Eunice Caldwell was appointed to succeed her. Miss Emily F. Adams was re-appointed teacher of the Upper Primary School, and Miss Julia F. Smith teacher of the Centre Primary School. Miss Smith later signified her intention not to accept her re-election, and Miss Adams was, in accordance with her own wish, transferred to the Centre Primary School as its teacher in Miss Smith's place, and on June 12 Miss Maud F. Findeisen was appointed teacher of the Upper Primary School. Miss Dora L. Kirwin was re-elected special assistant teacher for such work in the different schools at the Centre as might be assigned to her by the Superintendent.

Miss Elizabeth J. Viles and Miss Harriet M. Brothie were re-appointed teachers of the schools at District No. 4 and District No. 5 respectively. Mr. F. W. Archibald, Mr. Philip E. Perry and Miss Sarah E. Jewett were re-elected, respectively, teachers of Music, Manual Training and Drawing. Mr. Archibald did not accept his re-election and on June 2, 1905, Mr. Charles E. Boyd was elected to fill the vacancy so caused.

### Appropriations.

At the annual town-meeting held March 27, 1905, the following appropriations were made for the schools: —

Salaries of Teachers . . . . .	\$8,000
Incidentals . . . . .	4,000
Text-books . . . . .	600
Conveyance of Pupils . . . . .	3,750
Manual Training . . . . .	500
	<hr/>
	\$16,850

The Committee recommend that appropriations for the year 1906-1907 be as follows: —

Salaries of Teachers . . . . .	\$8,750
Incidentals . . . . .	4,000
Text-books . . . . .	600
Conveyance of Pupils . . . . .	4,000
Manual Training . . . . .	500
	<hr/>
	\$17,850

The unexpended balance, or the deficit, as the case may be, in the different parts of the appropriation for the year 1905-1906, are as follows: —

Salaries of Teachers . . . . .	deficit,	\$189 58
Incidentals . . . . .	balance,	327 40
Text-books . . . . .	balance,	275 37
Conveyance of Pupils . . . . .	deficit,	156 75
Manual Training . . . . .	balance,	47 95

The net result is that, out of the entire appropriation of \$16,850, the sum of \$304.39 remains unexpended.

### **Conveyance of Pupils.**

The list of barge routes for the conveyance of pupils may be found in detail in the annual report published Feb. 29, 1904. The general arrangement there shown is substantially in force now, with some slight additions. As noted in our last year's report, the one-horse barge on route No. 8 has been changed to a two-horse barge, and during the current year it has been found necessary to supplement this two-horse barge by an additional one-horse barge.

### **School Buildings and Grounds.**

Mr. Franklin G. Cooper was re-elected Custodian, for the year 1905-1906, of all school grounds and buildings in use. The District No. 4 school building has been painted externally, and the one at District No. 5 has been painted externally and internally. At the latter school, a pump house has been built to protect the pump against injury, and shutters have been placed on both School No. 4 and School No. 5; these two schools have been furnished with large and serviceable globes. A new clock has been bought for the High School, and the old High School clock has been placed in the Manual Training building. A telephone has been placed in the house of the Chairman, and has proved itself a great convenience. In response to a request from the Committee for better protection to the school children against motor vehicles, the Selectmen have limited the speed of such vehicles in School Street to ten miles an hour.

### **Scholarship and Course of Study.**

The course of study remains substantially as set forth in the Committee's report of Feb. 28, 1902.

### **School Text-Books.**

At the regular meeting on April 4, 1905, the Committee voted to adopt Books I.-IV., of Allen & Greenough's edition of Cæsar's "Gallic War," re-edited by Greenough, D'Ooge & Daniell. In February, 1906, the Committee voted to adopt "Cicero's Select Orations" (D'Ooge), published by Benj. H. Sanborn & Co., also Schiller's "Die Jungfrau von Orleans" (Benj. W. Wells), published by D. C. Heath & Co.

### **Health of School Children.**

The school at District No. 4 has been the chief sufferer from sickness. In March, 1905, an epidemic of whooping-cough broke out, and the school was closed on Friday, March 24, one week before the closing of the other schools. In January, 1906, the same school had to be closed for three weeks on account of an outbreak of measles among the children. With these exceptions the year has been a fairly favorable one in the matter of health, though somewhat more broken than usual by occasional sickness in the grade schools.

### **Manual Training.**

Mr. Perry's report to the Committee is as follows:—

#### **TO THE COMMITTEE:**

I am pleased to report an increased interest in the work of this department.

The attendance has been regular, and the attention to faithful work of an encouraging character.

The number of pupils taking manual training reaches a total of 65, divided among 46 boys and 19 girls.

In the eighth grade 18 pupils are enrolled, in the seventh 19, and in the sixth 23.

A class from the High School numbers 5 pupils, and is doing good work.

This class, during the past year, has made a good-sized china closet, which has been placed in the High School, and in which is kept the set of china bought by the pupils last year.

Some latitude has been given in the older grades in the selection of models, the pupil being encouraged to signify his own wishes as to the object and its design, and, if consistent with the progress of the work and his own ability, he is allowed to carry out the idea. Strict adherence to a set course is more than likely to have a cramping effect upon the individual, yet any deviation from a well-planned course requires the careful consideration of the instructor, lest the immature judgment of the child leads him to undertake a piece of work he is unable to execute. So far, the pupils have justified the confidence placed in them. I would again suggest the desirability of having a sink with running water in the Manual Training building. The expense of this would be small, while it would be of inestimable convenience to both instructor and pupils.

Respectfully submitted,

PHILIP E. PERRY,  
*Instructor.*

### **Music.**

Mr. Boyd's report is as follows:—

It is with peculiar pleasure and much interest that I take up again the work in Weston. Since I was here last, there is a decided strength and order in the schools, which condition helps much in every way. In many respects the music in the schools is satisfactory, the centralization plan making for ease and simplicity. A noticeable and rather puzzling feature is the great difference, physically and, consequently, vocally, between the boys and the girls, as shown in the High School. This may be a necessity—I hope not.

A very valuable aid in the study of music would be a pianola, or other instrument of the kind. Our scholars should hear good music. Singing ourselves into a knowledge of music is a very limited plan. If we had the use of a pianola it would be better than a

season ticket to the Symphony concerts presented to each scholar. The lecturers in Harvard and Tufts use this means. I hope the day will soon come when in some way we can get the use of such an instrument.

Respectfully,

CHAS. E. BOYD.

### Drawing.

Miss Jewett reports as follows: —

Mrs. CAROLINE E. BURRAGE,  
*Chairman of School Committee.*

In a recent address on "Beauty and Democracy," President Charles W. Eliot says: "After reading, spelling, writing and ciphering with small numbers and in simple operations, drawing should be the most important common school subject. All children should learn how lines, straight and curved, and lights and shades, form pictures, and may be made to express symmetry and beauty." My aim the past year has been to lead the pupils to see beauty and express what they see. Although the schools have been larger than any previous year, it gives me pleasure to report that the pupils have shown great interest in the drawing, and that the work has been most satisfactory.

This year I have had, at the end of the lesson, all the drawings hung on the wall, and six of the best selected by the children. The pupils have a chance to see all the work, and compare their own handwork with that of their classmates. The result has been to inspire all to work with more enthusiasm and care.

The illustrations of the papers in history, geography, picture study and the note books of the High School pupils, testify that drawing enters into the curriculum more and more each year.

Several drawings from the seventh and eighth grades were sent to the editor of the School Arts Book to enter the March competition. Two of the drawings received Honorable Mention, the names of the pupils being printed in the May number of the magazine, and all of the drawings received a red star, showing that the work met with the hearty approval of the editor.

Let me thank the Committee for all the supplies which they have

provided, and the Superintendent and Teachers for their kind co-operation in making the work in drawing a success.

SARAH ELIZABETH JEWETT.

### Donations.

A picture of "The Mother and Child" has been presented to the Centre Primary School by Mr. Francis H. Hastings, and Mr. Hastings also gave the amount necessary to complete the sum needed for a picture of "Chillon Castle" in Miss Kirwin's room, the pupils having collected the rest. Pamphlets and reports have been received from Miss Mary Frances Peirce, and books and magazines from Mr. Justin E. Gale. The High School presented to the South School (District No. 5) a picture of "Horses Bathing," and also bought for itself a bust of Cicero, and some dishes for social use.

### High School Graduation.

On Friday, June 16, 1905, the graduating exercises of the class of 1905 were held. The class contained the following ten members: Marion Maud Barton, Mildred Leslie Brooks, Annie Rebecca McKenna, Lydia Mabel Gore, Marion Whitney, Raymond Willard Coburn, Winthrop Homer Dunn, William Oliver Kenney, Hubert Edwin Sherburne, Harold Fairbank Whitehead.

The order of exercises is reprinted here:—

## DECISION OF THE JUDGES.

- SONG. Good Night, Farewell. *Garrett.* School.

Mr. Justin E. Gale, the Rev. H. E. Hinkley and Mr. Arthur E. Burke, of the Waltham High School, kindly consented to act as judges of the debate. Their decision was in favor of the affirmative side, and books were awarded as prizes to those who upheld that side of the argument.

#### **More School Room Necessary.**

In the judgment of the School Committee it has become necessary to provide additional schoolrooms for pupils not yet in the High School. All the rooms in the present Grammar School building have more pupils in them than is desirable. Either more rooms must be provided or some of the pupils now attending at the Centre must be provided for elsewhere.

Three possible solutions of the problem have been presented:—

SUGGESTION No. 1. It has been suggested that additional accommodations should be provided in District No. 4, the Kendal Green School. If this plan is adopted, it will be necessary to double the capacity of schoolhouse No. 4. It seems unwise to secure this desired result either by putting another story upon the existing schoolhouse, or by doubling the floor space on the ground. The present lot is small and not well adapted for a larger building. If an adequate two-room schoolhouse is to be built in this district, apparently it will be necessary to secure a suitable lot of land for the new building. If sufficient rooms were provided at Kendal Green, there might be withdrawn from the Centre schools a certain number of children now resident either in District No. 3 or District No. 4. For some time past only the younger pupils, that is, those of Grades I., II., III., IV. and V., have attended the District No. 4 School. Pupils of Grades

VI., VII. and VIII. (as well as all High School pupils) have been transported to the Centre. By providing a new or enlarged schoolhouse in District No. 4, as above suggested, it is possible to provide in the new building for all the pupils resident in Districts Nos. 3 and 4, who are not High School pupils. Grades I., II., III. and IV. would be placed in one room and Grades V., VI., VII. and VIII. in the other.

Upon the basis of attendance at the present time the change proposed would result in withdrawing 29 children from the Centre School and increasing the District No. 4 School, which now has 26 pupils, to a total of 55 pupils. Grades I., II., III. and IV., comprising 27 pupils, would be placed in one room, and Grades V., VI., VII. and VIII., comprising 28 pupils, would be placed in the other room.

It is to be noted in this connection that the Town has never voted to provide transportation for the children who attend the district schools. Therefore, unless the Town takes some further action, no transportation would be supplied for the children of the new or enlarged North District School, notwithstanding the increase in their number.

SUGGESTION NO. 2. It seems possible to add two additional schoolrooms to the Grammar School building by constructing an addition on the end of the existing building toward the playground. The new rooms would provide for the Primary and Upper Primary schools with two grades in each school. The Intermediate and the Grammar schools could then each be divided, and a separate room assigned to each of the four Grades V., VI., VII. and VIII. At present Grades V. and VI., which make the Intermediate School of 51 pupils, are in one room, and Grades VII. and VIII., which make the Grammar School of 56 pupils, are in another room.

SUGGESTION No. 3. A new school building can be erected at the Centre, either on the land between the present Manual Training building and the High School building or at the end of the lawn in front of the Grammar School building. The new building should contain not less than two rooms and might be constructed so that it could be conveniently enlarged if necessary. The Primary and Upper Primary schools could be moved into this building. This would leave the present Grammar School building for the use of the Intermediate and Grammar schools exclusively.

The Committee have not undertaken to determine the respective costs of the three plans above suggested. Apparently if plan No. 1 is followed it will be necessary to build a new schoolhouse and to buy the land to put it on. Plan No. 2 seems to be more economical than plan No. 3, but perhaps it is not so in fact. When the matter of approaches to the addition is considered, and the requirements for heat and ventilation, and the doubt whether these can be met with the present apparatus, it is doubtful whether plan No. 2 is really an economical plan. If plan No. 3 is adopted it will be possible to tell approximately what the cost of the building will be.

It is necessary that additional accommodations be provided before the next school year begins, in September, 1906. It is evident that action should be taken as soon as possible. The Committee will ask that an article be inserted in the warrant for the Annual Town-meeting so that the town may act upon the matter, determine the work to be done, and appropriate money therefor.

## Report of the Public Library Trustees.

---

The Public Library Trustees have the honor to submit the following report for the year ending Feb. 28, 1906:—

The Trustees receive the income from the following funds:—

The Charles Merriam Fund	. . .	\$1,000 00
The Isaac Fiske Fund	. . .	300 00
The Charles H. Fiske Fund	. . .	100 00
The Charles A. Gowing Fund	. . .	1,000 00
The Henry A. Gowing Fund	. . .	5,000 00
The Herbert Merriam Fund	. . .	1,000 00

The investment of the above funds stands as follows:—

Newton Savings Bank	. . .	\$1,000 00
West Newton Savings Bank	. . .	1,000 00
Waltham Savings Bank	. . .	1,000 00
Malden Savings Bank	. . .	1,000 00
Cambridgeport Savings Bank	. . .	445 11
Bonds of American Telephone and Tele- graph Company	. . .	3,954 89

The income from these funds is to be expended for books and periodicals, and by the terms of the gifts cannot be used to pay the incidental expenses of the Library.

By vote of the Town, the Trustees receive also the proceeds of the dog tax, which, in the year 1904-5, amounted to \$439.49.

Mr. Francis Blake has again very generously placed at the disposal of the Trustees the salary of his office as member of the Board of Selectmen, amounting to \$100; to be expended, as heretofore, for books of reference or other works of special value, at the discretion of the Trustees.

The Library has recently acquired, by purchase, a remarkable manuscript volume by our late fellow-townsmen, Frank W. Bigelow, Esq., called "Weston Epitaphs." This unique work — done with wonderful skill and beauty — contains exact facsimiles of the epitaphs of most of the headstones in the old burying ground, with pen and ink sketches of the stones themselves, and in many cases, the coats of arms of the families.

By loan, also, through the kindness of Miss Blanche T. Bigelow, we have acquired another manuscript work by the same author — of a different character, but marked by the same beautiful and unique characteristics, entitled "Records of the Weston Light Infantry."

These two volumes, in addition to the rare skill of their execution, are of great local interest and historical value.

For the safe keeping of these and other valuable articles of antique or historic interest, the Trustees have placed in the lower stock-room a new and suitable case.

For a full account of receipts and expenditures, we refer to the reports of the Library Treasurer and the Town Auditor for the current year.

Books have been presented to the Library by Mr. Grant Walker, Mr. Nahum Smith, and Mr. Herbert Merriam.

Other interesting particulars as to the growth and the use of the Library will be found by reference to the annexed report of the Librarian, and to the list of new books at the end of the General Town Report. It is hoped and

believed that these combined reports will show that the Library is growing more attractive, more useful, and more complete in its equipment year by year, and that its patrons recognize and appreciate the attempt to give them, by way of material and service, a judicious combination of what they want, and what they ought to have.

## Report of the Fire Engineers.

---

WESTON, Feb. 28, 1906.

*To the Selectmen of Weston:*

GENTLEMEN: The Board of Fire Engineers and Forrest Fire Wards submit their annual report for the year ending Feb. 28, 1906, as follows:—

The Board organized April 27, 1905, as follows: B. R. Parker, Chief; N. S. Fiske, First Assistant; B. H. Dickson, Jr., Second Assistant and Clerk.

We take pleasure in reporting that the various companies are in good condition and have acquitted themselves creditably at the various fires the past year.

We consider that all the equipment of the fire department such as hose, fire extinguishers, etc., is in first-class shape.

During the past year, from the extra appropriation for the purpose, we have bought blankets for all the fire horses, and new harness and hangers for the center of the town fire station.

The fire-alarm system, while it has done its work well the past year, nevertheless needs extensive repairs, especially it is necessary to replace much of the old wire which has been up for about fifteen years, and which is getting very weak and rusty, and which we feel any moment may become unreliable.

During the past two years we have built over the line from Case's Corner to South Avenue, and along South

Avenue to Wellesley Street, and Wellesley Street back to Chestnut Street, and we feel that this part of the fire-alarm system is in good reliable condition. The line is in especially bad condition in the north part of the town, and needs immediate attention, and the Board feels that it would be almost as cheap and more economical in the long run, instead of double wiring the Kendal Green District, as it is now, to run a single line from the watering trough at Kendal Green, to the present end of the line at the Methodist Church, and thence to Silver Hill, and thence along Merriam and Concord Streets to Central Avenue, with a fire-alarm box at Silver Hill, where there are so many houses which need fire protection. We therefore recommend and strongly urge the Town to appropriate \$500 for the purposes above mentioned, and also for new wiring in the other parts of the town where necessary, and also a fire-alarm box at the corner of South Avenue and Wellesley Street.

During the past year there have been fifty-six bell alarms and fourteen still alarms, a total of seventy alarms for wood and building fires.

The building fires were as follows:—

MARCH 31. House of J. M. Schwartz. Total loss.

MAY 21. Chair factory of G. S. Perry. Estate. Occupied by Kenney Brothers. Almost total loss.

MAY 28. Barn of J. B. Robertson. Off Park Road. Total loss.

MAY 31. House and barn of Francis B. Sears. Central Avenue. Barn total loss. House slightly damaged.

JULY 9. Cow barn of Robert Windsor. Off Wellesley Street and Central Avenue. Total loss.

OCT. 3. House of C. J. Paine. Highland Street. Damage slight.

OCT. 14. House of Wm. Whittemore. Occupied by G. M. Upham. Slightly damaged.

Nov. 14. House of Jas. Barton. No damage.

Nov. 23. House of D. W. Williams. North Avenue. No damage.

Dec. 28. House of C. H. Fiske, Jr. Occupied by G. E. Dwight. No damage.

JAN. 8. Barn of Chas. W. Hubbard. Almost total loss.

JAN. 16. Barn of Francis Blake. Partial damage.

FEB. 15. House of S. E. Tyler. Occupied by J. H. Stone. No damage.

FEB. 25. House of F. B. Sears. Central Avenue. Total loss.

The wood fires in the spring were very numerous, but with one or two exceptions were not very extensive, and were extinguished quickly, and before they did serious damage, nevertheless they caused a great deal of trouble and expense.

We wish here to caution all residents of the town to use extreme care during the ensuing spring, as to burning fields and brush, as a great many of the wood fires which we have could be avoided if ordinary common sense was used.

The building fires during the year have been very serious. We wish to impress upon the residents of the town that the efficiency of the fire department depends upon the promptness with which they are notified of fire.

We wish to express our thanks, and that of the Town, to the Newton and Wellesley fire departments for their valuable aid rendered at the fires in the south part of the town. We also wish to thank Mr. and Mrs. Francis B. Sears and Gen. Charles J. Paine for their kind contributions to the members of the fire department, which, together with some money which we have on hand, is to become the nucleus of the fund of the Firemen's Relief

Association, which association is just now in the process of being formed.

We recommend for the ensuing year the regular appropriation of \$1,500, and an extra one of \$500 mentioned above.

The reports of the different companies and the detail reports of the fire department are hereby submitted.

Respectfully submitted,

BENJAMIN R. PARKER,  
NATHAN S. FISKE,  
BRENTON H. DICKSON, JR.,

## Report of the Overseers of the Poor.

---

The Overseers of the Poor respectfully submit the following report for the year ending Feb. 28, 1906:—

The Board organized with Mr. Edward P. Ripley as Chairman and Dr. William Bradford Robbins as Secretary.

The contract with Mr. Henderson for care of Town Farm and inmates, has been continued this year with satisfactory results.

There have been two inmates at the Town Farm the past year. Joseph Seaverns, sixty-seven years old, who was admitted Dec. 22, 1885, and Fannie Davis, eighty-seven years old, admitted Oct. 1, 1905, who died at the Town Farm, Nov. 12, 1905.

There have been 88 tramps lodged at the Town Farm during the past year.

We would ask for an appropriation of \$1200 for the ensuing year.

## Report of the Board of Health.

---

The Board of Health of Weston respectfully submit the following report for the year ending Feb. 28, 1906:—

As is the case in many towns of the State, Weston is suffering from an epidemic of measles. It is now confined almost entirely to the north part of the town.

In consideration of the fact that all the pupils at the school at Kendal Green were affected, or had been exposed to infection, the Board recommended the closing of the school for three weeks. The school was accordingly closed and the room and books thoroughly fumigated.

At the request of the Superintendent of Schools, Dr. F. T. Hyde examined the pupils at the Centre schools with the view of dismissing any who gave evidence of infection and thus prevent further spread of the disease. Several cases were detected, which proved the wisdom of this course.

With the exception of the epidemic of measles, five cases of contagious diseases have been reported, three of scarlet fever and two of tuberculosis.

Attention is called to Section 49, Chap. 75, Revised Laws: “A householder who knows that a person in his family or house is sick of any infectious or contagious disease shall forthwith give notice thereof to the board of health of the town in which he dwells.

“Upon the death, removal or recovery of such person the house and articles shall be disinfected. Whoever violates the provisions of this section shall be punished by a fine of not more than one hundred dollars.”

When a case of contagious disease has been reported the clerk of the Board is required by law to send notice thereof to the Superintendent of Schools, the Librarian and the State Board of Health.

The diseases to be reported are small-pox, diphtheria, scarlet fever, typhus and typhoid fever, dysentery, cholera infantum, measles, cholera, yellow fever, cerebro-spinal meningitis, hydrophobia, malignant pustule, glanders, tuberculosis, and trichinosis.

At the "Exhibition Illustrative of Means and Methods for the Treatment of Tuberculosis," held in Boston recently, this Board was represented by Dr. F. T. Hyde.

Reply of the State Board of Health to an application from Weston for advice in relation to ice supply, under the provisions of Section 117, Chapter 75, of the Revised Laws of Massachusetts: —

JULY 6th, 1905.

*To the Board of Health of the Town of Weston, Mr. E. O. CLARK,  
Chairman.*

GENTLEMEN: Replying to your request of May 20th for advice concerning the quality, for domestic purposes, of ice taken from the pond of G. A. Foote near the Water Works pumping station north of Central Avenue, the Board has caused the pond and its surroundings to be examined and samples of the water and ice to be analyzed.

The results of the analyses show that it is well protected from sewerage pollution at the present time. The ice stored in the ice house near this pond consists chiefly of clear ice with a layer of snow ice on top of each cake. The clear ice was found upon analysis to contain but little organic matter and was in other respects of good quality.

In the opinion of the Board the ice harvested from this source under present conditions may safely be used for domestic purposes.

By order of the Board,

(Signed) CHARLES HARRINGTON, *Secretary*.

Some work has been done on the meadows, mostly temporary. It is our opinion that the walls bordering on the brook near the estate of the late Daniel Smith will need to be relaid, and the waterpipe on School Street lowered, at the point where the brook enters the culvert, before any permanent results can be effected.

Mr. G. W. Cutting was reappointed agent for the Board to receive certificates of death and issue burial permits.

The following licenses were granted: —

UNDERTAKERS. — Mr. F. G. Cooper, Mr. P. J. McAuliffe.

TO MAINTAIN SLAUGHTER HOUSES. — Mr. Henry Zoller & Sons, Mr. T. L. Hagar, Mrs. Kate Sheehan.

TO COLLECT SWILL. — Mr. Amri Barker.

Number of plumbing licenses granted, 12.

Number of contagious diseases reported: Tuberculosis, 2; measles, 60; scarlet fever, 3.

## Report of Inspector of Dressed Beef.

---

*To the Selectmen of the Town of Weston:*

In May, 1905, the State Board of Cattle Commissioners advised the Board of Health that hereafter all slaughtered animals intended for food should be inspected by the Boards of Health of cities and towns.

E. O. Clark was appointed inspector by the Board of Health for the town of Weston.

Two hundred and seventy-one carcasses have been inspected, viz.: 130 calves, 66 cows, 75 hogs.

Six cows and 10 calves were condemned.

Respectfully submitted,

E. O. CLARK,  
*Inspector of Dressed Beef, etc.*

## Report of the Cemetery Commissioners.

---

The Cemetery Commissioners submit their report for the year ending Feb. 28, 1906, as follows: —

At the annual town meeting on March 27, 1905, Mr. Henry L. Brown was re-elected a member of the Board for three years.

At a meeting of the Board held on April 22, 1906, Henry L. Brown was re-elected Chairman and William T. Burrage was re-elected Clerk.

Mr. Franklin G. Cooper was reappointed Superintendent to have charge of the grounds.

As soon as the weather was favorable the Commissioners employed Mr. Frank A. Foster, C. E., of Boston, to plot and lay out the addition to the cemetery, and a part of the grading and making of new avenues and lots, has been done in accordance with his plans.

The money received for care of lots has been expended for labor on the grounds.

The Commissioners would recommend an appropriation of \$2500.

## Town Records, 1905.

---

COMMONWEALTH OF MASSACHUSETTS,  
MIDDLESEX, SS.

*To any Constable of the Town of Weston.* GREETING:

In the name of the Commonwealth, you are hereby required to notify and warn all the inhabitants of the said town, qualified by law to vote in elections and in town affairs, to meet in the Town-hall, in said town, on Monday the twenty-seventh day of March, current at one of the clock in the afternoon, for the following purposes, to wit:—

*First.* To choose a Moderator.

*Second.* To choose the usual Town Officers for the ensuing year.

*Third.* To hear and act upon the reports of the Town Officers and Committees.

*Fourth.* To accept the list of Jurors as revised by the Selectmen and posted according to law.

*Fifth.* To vote on a separate ballot "Yes" or "No" in answer to the question, "Shall licenses be granted for the sale of intoxicating liquors in this Town?"

*Sixth.* To see if the Town will appropriate \$300, for the drainage and partial grading of the ball field on High School grounds or act anything relative thereto.

*Seventh.* To see if the Town will appropriate the sum of \$500 to build a concrete walk from the end of the present walk on School St. to the corner of Wellesley and Newton Streets.

*Eighth.* To see if the Town will take action for repair-

ing and so far as necessary reconstructing Glen Road between Wellesley Street and the Wellesley line and providing for the cost thereof.

*Ninth.* To see if the Town will authorize the issue of bonds, notes or scrip to provide for the expense or part of the expense of repairing and so far as necessary reconstructing Glen Road between Wellesley Street and the Wellesley line or part thereof.

*Tenth.* To approve the regulations of the Cemetery Commissioners regarding Cemeteries.

*Eleventh.* To see if the Town will vote to ratify and confirm assignments or deeds of Cemetery lots heretofore made by various Town Officers and Boards, or act anything relative thereto.

*Twelfth.* To raise and appropriate by borrowing or otherwise such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles, or as may be required to defray the expenses of the Town for the ensuing year; and especially to act upon all the appropriations asked for or proposed by the Selectmen or by any Town Officers or Committees in their reports.

And you are to serve this warrant by posting three attested copies thereof according to the vote of the Town; namely, at the Town-house, at the Kendal Green post-office, and on the town bulletin-board at the junction of South Avenue and Newton and East Newton Streets, seven days at least before the time appointed for said meeting.

Hereof fail not; and make due return of this warrant, with your doings thereon, to the Selectmen, seven days at least before the time appointed for said meeting.

Given under our hands this seventh day of March in the year of our Lord One Thousand Nine Hundred and Five.

NATHAN S. FISKE,  
ALFRED L. CUTTING,  
*Selectmen of the Town of Weston.*

Pursuant to the within warrant, I have notified and warned the inhabitants of the town according to order.

NATHAN S. FISKE, *Constable of Weston.*

A true copy of the warrant and officer's return.

Attest: GEORGE W. CUTTING, *Town Clerk.*

---

MARCH 27, 1905. Pursuant to the foregoing warrant, a meeting of said inhabitants, qualified as aforesaid, was held at the time and place appointed.

The meeting was called to order and the Warrant read by the Town Clerk.

ART. 1. Charles H. Fiske Esq., was choosen Moderator.

ART. 2. *Voted:*— That the meeting now proceed to choose the following town officers for the ensuing year or years; viz., A Town Clerk for three years; one Selectman for three years; one Overseer of the Poor for three years; one Assessor for three years; one member of the School Committee for three years; a Treasurer and Collector; an Auditor; one Public Library Trustee for three years; a Public Library Treasurer; one Trustee of the Merriam Fund for the Silent Poor for three years; one Road Commissioner for three years; one Park Commissioner for three years; one Cemetery Commissioner for three years; one member of the Board of Health for three years; six Measurers of Wood and Bark; three Surveyors of Lum-

ber; three Fence Viewers; five Field Drivers; a Pound Keeper; seven Constables and a Tree Warden.

That these officers may all be voted for upon a single ballot, and that the polls be kept open for the reception of votes until three hours and thirty minutes of the clock in the afternoon.

The Moderator appointed Henry A. Wheeler, Augustus H. Fiske and Melvin Sherman as Tellers, all of whom were forthwith sworn to the faithful discharge of their duties.

The polls were then declared open for the choice of town officers.

*Voted* : — That the meeting proceed to transact other business while the polls are open for the reception of votes under Article Second; provided, however, that the Moderator may, from time to time, interrupt such proceedings whenever he deems it desirable to afford persons present an opportunity to poll their votes.

*Voted* : — That the reports of town officers and committees which have been printed and distributed through the town, be corrected as follows; viz.:—

Page 159, for “Literature and Pottery” read “Literature and Poetry.”

Page 207, line 19 after “Patrick J. McAuliffe” insert “Sworn by the Moderator.”

Page 209, line 22 for “William F. Hill” read “William T. Hill.”

At 3<sup>h</sup> 30<sup>m</sup> P. M. the Moderator declared the polls closed for the choice of town officers.

The following motion offered by Mr. Charles H. Jones was passed as follows:—

*Voted:*— That the Road Commissioners be and hereby are authorized and directed to repair and reconstruct that part of Glen Road between Wellesley Street and the Wellesley line, making a durable road-way with stone base, by excavating the rocky ledges so far as necessary, and for this purpose to secure bids and make a contract with the lowest and best bidder to do such work and any incidental work connected therewith, and to employ a competent engineer to superintend the performance of the work and to make such other contracts, if any, as they deem necessary or proper for constructing culverts and drains.

*Provided* that the total expense of the work shall not exceed Eight Thousand Dollars (\$8000), and that no contract shall be made or expense incurred until the whole of the necessary work is contracted for at a cost, including all incidental expenses, not exceeding said sum.

3<sup>h</sup> 56<sup>m</sup> P. M. *Voted:*— That the sum of Eight Thousand Dollars (\$8000) be appropriated (as part of the ordinary expenditures for highways for the ensuing year and applied) for the repairs and reconstruction of Glen Road between Wellesley Street and the Wellesley line.

3<sup>h</sup> 59<sup>m</sup> P. M. *Voted:*— That the sum of Two Hundred Dollars, \$200, be appropriated for the Park Commissioners for Park Road.

4<sup>h</sup> 0<sup>m</sup> P. M. *Voted:*— To appropriate for Bills Prior,  
One Thousand Dollars . . . . \$1000

*Voted:*— That the Selectmen be authorized to expend any sum of money necessary, from any money in the treasury not otherwise appropriated, for the suppression of the Gypsy and Brown Tail Moth.

At 4<sup>h</sup> 13<sup>m</sup> P. M. the polls were declared closed on the license question.

The ballot-box register was examined and found to have recorded forty-eight votes, but a memorandum kept by the election officer in charge of said box, showed that on thirteen occasions it failed to register; and said officer certified that the total number of ballots deposited in said box was sixty-one.

The number of names checked on the voting list as having voted on the license question was sixty-one.

Total number of ballots cast . . . .	61
Yes, five votes . . . . .	5
No, fifty-six votes . . . . .	56

*Voted:*— That the salary of the Clerk of the Board of Selectmen be Two Hundred Dollars (\$200) and the salary of the other two members be One Hundred Dollars (\$100) each.

ART. 6. 4<sup>h</sup> 25<sup>m</sup> P. M. *Voted*:—That the Town appropriate,

One Thousand Dollars . . . . . \$1000

for the drainage and grading of the ball field on the High School grounds.

*Voted*:—That this appropriation be expended by a committee of three to be appointed by the Moderator.

Charles M. Eaton, Alfred L. Cutting and Brenton H. Dickson, Jr., were accordingly appointed by the Moderator.

ART. 9. *Voted* to pass over.

ART. 10. *Voted*:—That the regulations made by the Cemetery Commissioners regarding Cemeteries be approved.

ART. 11. *Voted*:—That the assignments of lots in the Central Burial Ground, as recorded in the town's Burial Ground Record Book are hereby ratified and confirmed as valid conveyances by the town to the several assignees thereof, said lots to be used solely for the burial of the dead.

*Voted*:—That deeds of lots of land in Linwood Cemetery heretofore made in behalf of the town, and recorded in the deed book of cemetery lots by committees on burial grounds or by trustees of burial grounds or by persons so styling themselves, are hereby ratified and confirmed as though each deed had been made in pursuance of and in conformity to law and authority of the town previously given.

ART. 12. *Voted*:—That the Town Treasurer is hereby authorized to borrow, in anticipation of taxes, such sums of money as may be needed from time to time, giving therefor the note or notes of the Town, said note or notes to be countersigned by at least a majority of the Selectmen, to bear the current market rate of interest, and to be paid from the taxes to be raised this year.

*Voted:*—That the money appropriated at this annual town meeting not otherwise provided for be assessed, after deducting the estimated receipts for the ensuing year, upon the polls and estates taxable in this town, and be collected as the town charges are usually assessed and collected.

The result of the ballot for town officers was declared by the Moderator as follows, viz:—

E. O. CLARK, *Secretary*.

Received and recorded June 23, 1905,

by GEORGE W. CUTTING, *Town Clerk*.

COMMONWEALTH OF MASSACHUSETTS,  
MIDDLESEX, SS.

At a meeting of the County Commissioners for the County of Middlesex, holden at Cambridge, within and for said County, on the first Tuesday of June, in the year of our Lord one thousand nine hundred and five.

The inhabitants of Weston in said County, by their petition to said Commissioners — among other matters — pray that School Street in said Weston from Wellesley Street to the point where it becomes 45 feet in width as previously laid out, may be relocated as will more fully appear, reference being had to the petition filed of record in the case.

The petition was presented to the County Commissioners at their meeting holden at Cambridge, within and for said County, on the first Tuesday of January, A. D. 1905,

when and where said Commissioners caused notice to be given to all persons and corporations interested therein of the time and place when and where they would meet for the purpose of viewing the premises and hearing the parties, as by the notice on file and of record will more fully appear.

And at the time of said view and hearing the changes prayed for having been adjudged of common convenience and necessity, and no person appearing to object, said Commissioners do now within six months proceed to relocate said street without further notice.

And now the said Commissioners make return of their proceedings in the premises, as follows: said Commissioners having given notice as the law directs, met at the Town Hall in said Weston, on the twenty-sixth day of May, in the year nineteen hundred and five, when and where the parties appeared, to wit, — and no person appeared to object —

And the premises having been examined, and all parties fully heard, said Commissioners proceeded to relocate said School Street as prayed for in said petition, and the following description is a true description of said street as hereby laid out and ordered.

The westerly line begins at a stone bound in the present westerly line of said street, which is at the terminus of a course bearing South 1 24' East, 181.8 feet as laid out by the Commissioners in 1880, thence from said bound on a curve of 445.46 feet radius, bearing to the right 91.41 feet to a drill hole in the stone wall, thence South 10° 21' 30" West 1029.04 feet to a stone bound, thence on a curve of 186.54 feet radius bearing to the right 63.38 feet to a stone bound, thence on a curve of 164.25 feet radius bearing to the right 74.53 feet to an iron spike, thence South 55° 49'

30" West 50 ft. to an iron bolt in the northerly line of Wellesley Street.

The easterly line beginning at a stone bound opposite to and 40 feet distant from the point of beginning of the above described westerly line, is thence on a curve of 735.73 feet radius, bearing to the right 150.98 feet to a stone bound 45 feet from said westerly line, thence parallel to said westerly line and 45 feet distant therefrom 916.1 feet to a stone bound, thence on a curve of 24.38 feet radius bearing to the left 65.95 feet to a stone bound in the northerly line of Wellesley St.

And the said Commissioners determine and order that the inhabitants of the said town of Weston shall on or before the first day of July, which will be in the year 1906, lay open, construct and complete said highway, so that 24 feet in width thereof throughout the whole, exclusive of gutters on the sides, shall be safe and convenient for the passage of teams of every description with customary loads. The centre of the travelled part shall be the centre of the location. The form and manner of construction shall be as follows: —

The grade of the centre line of said way shall be in accordance with a profile which shall be satisfactory to the Commissioners, the profile to be prepared and presented to the Commissioners before work is begun.

All soft and loamy material shall be removed from beneath the new road bed so as to give satisfactory depth of gravelly material. The roadway shall be crowned at least 10 inches, and the surface shall consist of good binding gravel or other material which shall present a hard smooth surface. Drainage shall be carefully attended to, and the whole done in a workmanlike manner.

And the proprietors or occupants of the land over which

said highway is thus laid out, are allowed until the first day of September next, to remove therefrom any wood, timber, trees or other property.

And said Commissioners having heard the proprietors of said lands by themselves or their agents on the subject of damages by them sustained by reason of laying out said highway, have estimated the same as follows to wit:—

S. G. Pennock two hundred fifty dollars . . .	\$250 00
James B. Case five hundred . . . . .	500 00

The town shall at its expense, provided that satisfactory arrangements can be made with S. G. Pennock, remove the house of said Pennock, to a new location on his land, performing such work of preparing cellar and foundation, and all work incidental thereto, as part of the damage of said Pennock, the above estimate of damage being the Commissioners estimate of damage due to the taking of land.

And the said Commissioners further determine and order that the said Town of Weston shall pay all damages, costs and expenses, if any, not included in the above award, that any party may by legal process obtain in consequence of said relocation throughout the whole of said highway as hereby widened, straightened, altered and established; that the highway described in said return be, and the same is hereby, established as and for a public highway, and that the same be recorded to the end that the same may hereafter be known as such; that the said several sums of money estimated as damages to the said persons by reason of the premises, be paid to them respectively out of the town treasury, when they shall present to the town treasurer a certificate signed by the

Selectmen of the town in which the land lies, that the land over which said highway is located has been entered upon and possession taken for the purpose of constructing said highway.\*

In witness whereof, we, the said County Commissioners, have hereunto set our hands this twenty-second day of July in the year of our Lord one thousand nine hundred and five.

GEORGE W. CUTTING, *Town Clerk.*

COMMONWEALTH OF MASSACHUSETTS.

MIDDLESEX, SS.

*To any Constable of the Town of Weston.*

GREETING :

In the name of the Commonwealth, you are hereby required to notify and warn all the inhabitants of the said town, qualified by law to vote in elections and in town affairs, to meet in the Town-hall, in said town, on Tuesday, the seventh day of November, next at twelve of the clock noon at which time the polls will be open, and may

be closed at four o'clock P. M., to bring in to the subscribers their votes for the following Officers, each to be designated, and all to be voted for on one ballot, namely: Governor, Lieutenant Governor, Secretary, Treasurer, Auditor, Attorney General, Councillor for the Third District, Senator for the First District of Middlesex, Representative in General Court for the Seventeenth District of Middlesex, County Commissioners for the County of Middlesex, Register of Probate and Insolvency for the County of Middlesex.

Also any other Officers required by law to be chosen in the month of November of the current year.

And you are to serve this warrant by posting three attested copies thereof according to the vote of the Town; namely, at the Town-house, at the Kendal Green post-office, and on the town bulletin-board at the junction of South Avenue and Newton and East Newton Streets, seven days at least before the time appointed for said meeting.

Hereof fail not; and make due return of this warrant, with your doings thereon, to the Selectmen, seven days at least before the time appointed for said meeting.

Given under our hands this twenty-eighth day of October in the year of our Lord One Thousand Nine Hundred and Five.

NATHAN S. FISKE,  
ALFRED L. CUTTING,  
*Selectmen of the Town of Weston.*

Pursuant to the within warrant, I have notified and warned the inhabitants of the town according to order.

NATHAN S. FISKE, *Constable of Weston.*

Attest: GEORGE W. CUTTING, *Town Clerk.*

**Annual State Election, Nov. 7, 1905.**

In pursuance of the foregoing warrant, the inhabitants of the Town of Weston qualified to vote in elections met in the Town-hall, in said town, on Tuesday, the seventh day of November, in the year of our Lord one thousand nine hundred and five, it being the Tuesday next after the first Monday in said month, and were called to order at twelve of the clock, noon, by Nathan S. Fiske, Selectman and Presiding Election Officer, who read the warrant calling said meeting, and the return thereon of the officer who served the same upon the inhabitants.

In pursuance of and in conformity with the laws of this Commonwealth in relation to elections, the Town-hall had been fitted up as a polling place, a space railed off, and ten shelves or compartments provided for the use and convenience of the voters to examine and mark their ballots. Before the opening of the polls, the package of cards of instructions, specimen ballots, etc., furnished by the Commonwealth, had been opened, and the same posted in accordance with the provisions of the Revised Laws relating thereto.

Henry J. White and Edward Fiske, whom the Selectmen previously had appointed Ballot Clerks, were sworn by the Presiding Election Officer to the faithful performance of their duties.

The ballot-box to be used at elections was then opened publicly by the election officers, who ascertained, by personal examination, and publicly showed, that the same was empty. The register of the box was then set at zero (0), and the box immediately thereafter locked. The key of the lower part of the box was delivered to the Presiding Election Officer, and the key of the upper part

to Charles A. Freeman, a constable in charge of the meeting.

A package, supplied by the Secretary of the Commonwealth, marked "First Set 500 Ballots, Town of Weston," was then delivered to the Presiding Election Officer by the Town Clerk, who took his receipt therefor. The Presiding Election Officer then publicly broke the seal of said package and delivered said ballots to the Ballot Clerks, who were provided with a list of the registered voters of the town and stationed at the entrance to the polling place.

The polls were then declared open for the reception of votes.

At one hour and twenty minutes of the clock in the afternoon, on motion of Brenton H. Dickson, Jr., it was

*Voted:*—That the polls be closed at four hours and thirty-one minutes of the clock in the afternoon.

Upon four occasions while the polls were open, the ballot-box was opened and ballots taken therefrom for counting, it being deemed advisable so to do in the unanimous judgment of the Selectmen and the Town Clerk. The times of thus opening the ballot-box and the number of ballots taken therefrom were as follows:—

H. M.									
1.45	P. M.	.	.	.	.	.	.	.	50 ballots.
1.55	"	.	.	.	.	.	.	.	50 "
3.20	"	.	.	.	.	.	.	.	50 "
4.15	"	.	.	.	.	.	.	.	50 "
Total . . . . .									200 "

At four hours and thirty-one minutes of the clock in the afternoon, the polls were declared closed.

The number of names checked on the voting list used by the Ballot Clerks in the distribution of ballots was two hundred and three.

The number of names checked on the voting list used by the Selectmen in the reception of ballots was two hundred and three.

At the close of the polls the automatic register of the ballot-box read two hundred and three. Upon opening the ballot-box three ballots were taken therefrom, which, together with the two hundred ballots previously taken therefrom, made the total number of ballots cast two hundred and three.

These ballots were sorted, counted, and recorded, and declaration thereof made in open town-meeting by the Town Clerk, and were for the following State and County Officers, viz:—

While the polls were open the ballot-box was in charge of Charles A. Freeman, and the voting list used in connection therewith was in charge of Nathan S. Fiske and Alfred L. Cutting.

In the canvassing and counting of votes, the regular election officers were assisted by Walter J. Upham, Charles H. Fiske, Jr., Andrew Fiske, William V. Hyde, Grant M. Palmer, Charles C. Kenney, Edward P. Ripley, and Henry A. Wheeler, who previously had been appointed Tellers by the Selectmen, and sworn by the Presiding Election Officer to the faithful performance of their duties.

The business of the meeting being finished, the returns were filled up, signed by the Selectmen, countersigned by the Town Clerk, and sealed up in open town-meeting, and delivered to the Town Clerk to forward to their several places of destination.

All ballots cast at the election were enclosed in an envelope, and the same properly sealed and endorsed.

The tally sheets used in counting the votes cast at the election were enclosed in an envelope, and the same properly sealed and endorsed.

The voting lists used in connection with the distribution of ballots and the deposit thereof in the ballot-box were certified by the officers who had had them in charge, and were enclosed in an envelope, and the same properly sealed and endorsed.

All unused ballots were enclosed in an envelope, and the same properly sealed and endorsed.

The four sealed and endorsed envelopes above mentioned, together with the ballot-box, the ballot-box keys and the seal were forthwith delivered to the Town Clerk by the Presiding Election Officer, who in this and all other matters connected with the election, followed and caused to be followed the "Laws Relating to Elections," as prepared by the Secretary of the Commonwealth.

At six hours and eleven minutes of the clock in the evening, the meeting was declared dissolved by Nathan S. Fiske, Selectman and Presiding Election Officer.
